www.kynetonchemicalfree.com.au**Kyneton Chemical Free is open: Thursday 10 - 5, Friday 10 - 5, Saturday 9 - 2**

Kyneton Chemical Free is committed to providing quality, handmade soap and skincare products. All products contain natural ingredients, and all ingredients are listed on the label. Products may vary slightly, this is due to the handmade nature of the product and the seasonal variability of the raw ingredients. The olive oil soap contain 100% olive oil with an additional 5% of oil to that required for the soap making process and provides a moisturiser while bathing. Pure essential oils are added to the soaps for the wonderful perfume as well as the inherent properties of the oil.

The skincare range is made from all natural oils, wax, distilled water and essential oils. The combination of essential oils is designed to suit particular skin types. As the creams, lotions and balms are oil based, some oil remains of the skin initially and is then absorbed by the skin.

We stock a range of cleaning and laundry products, these are chemical free and environmentally friendly.

If there is a product that you would like, but we do not have it in this catalogue, please ask, as individual orders may be possible (minimum batch size may apply).

If we can assist you in any way, please talk to Colin or Marion when you are in the store or by phone on 0408 382436.
